Notes for guidance in the preparation of manuscripts

1- The Journal publish original and valuable research in the basic and clinical dental sciences. Pages are published on the understanding that they have not been and, with exception of author's abstract, will not be published elsewhere.

2- Manuscripts should be written in English and typed on one side of the white paper (A4) in double – line spacing with a wide margin. Four copies, one of which must be original of the typescript and illustration should be addressed to:

The journal of Baghdad College of dentistry, college of dentistry, bab almondham, Baghdad, Iraq.

3- Articles are critically re-examined by referees. The author(s) may comment on the referee's remarks. Should the article be rejected, the author(s) will be notified in due to the reasons for its rejection.

4- Results of research work, which do not warrant presentation as a full paper, may be submitted for consideration as Notes. Notes are not intended for the publication of interim result. Review articles may be published if they have innovative features.

5- The title should be short and precise. English title should be written in capital letters. The title must be followed by author(s) name(s) and affiliation, abstract, introduction, material and methods, results and discussion, acknowledgment, if any and references cited.

6- Abstracts should be both in English and Arabic, and should be between 250-300 words. English article should have Arabic Abstract at the end of the article.

7- Only papers closely related to the author's work should be referred to and exhaustive reference lists should be avoided. The alphabetical arrangement of reference should be as in recent papers in the journal of Baghdad College of dentistry, namely surnames(s) and initial of author(s), year publication, title, volume, number opening and closing pages. In the case of book(s), the title should be followed by the publisher and place of publication, and pages.

8- On the text, reference should be made to the number of the references, where necessary, name(s) may be followed by number of the reference.

9- Tables and figures used in the manuscript should be self explanatory.

10- Photographs intended for half-ton reproduction should on glossy paper. They will be accepted only if found necessary by the editors. Colors plants are unlikely to be accepted unless authors bear the cost.

11- The metric of measurement should be used. (S.I.Units).
